REPRODUCTION/PEDIATRICS

Stallion

Seminal Characteristics of Stallions with Transitory Testicular Impairment	3
--	---

*Ron Friedman, Mary Scott, Sebastian E. Heath, John P. Hughes,
Peter F. Daels, and Thang Tran*

Use of Testicular Volume to Predict Daily Sperm Output in the Stallion	15
--	----

*Charles C. Love, Marolo C. Garcia, Fernando R. Riera,
and Robert M. Kenney*

Clinical Management of Subfertility in Two Standardbred Stallions ...	23
---	----

William J. Solomon

Mare

Ultrasonographic Assessment of Ovarian Abnormalities	31
--	----

Katrin Hinrichs

Clinical Observations of Oviductal Masses in the Mare	41
---	----

*Irwin K. M. Liu, Katy C. Lantz, Sandra Schlafke, Jeanne M. Bowers,
and Allen C. Enders*

Induction of Ovulation in Anestrous Mares by a Continuous-Release Depot of a Gonadotropin-Releasing HormoneAgonist (CH690030)	47
---	----

Steven L. Meyer, Karen J. Affleck, and Barry P. Fitzgerald

Management of the Broodmare	61
-----------------------------------	----

D. G. Pugh and J. Schumacher

The Effect of Maternal Colic on the Equine Fetus	79
--	----

*Elizabeth M. Santschi, Donnie E. Slone Jr., Michelle M. LeBlanc,
and James S. Juzwiak*

REPRODUCTION/PEDIATRICS (continued)

Age-related Subfertility in the Mare	85
<i>D. K. Vanderwall and G. L. Woods</i>	
Foal	
Antimicrobial Therapy in Neonatal Septicemia.....	91
<i>William V. Bernard and James Becht</i>	
Supplemental Feeding of the Normal Foal	95
<i>G. Kent Carter</i>	
Management of the Newborn Foal	99
<i>John E. Madigan</i>	
Use of an Acetylcysteine Solution Enema for Meconium Retention in the Neonatal Foal	117
<i>John E. Madigan and Boyd W. Goetzman</i>	
Epidemiological Survey of Foal Diarrhea.....	121
<i>J. L. Traub-Dargatz</i>	

THERAPEUTICS

Septic Arthritis: Use of Therapeutic Monitoring to Optimize Antibiotic Therapy	125
<i>Karl F. Bowman, Jim E. Riviere, David P. Aucoin, and Babetta A. Breuhaus</i>	
Respiratory Therapy: Clinical Applications of Bronchodilatory and Expectorant Medications in Horses	133
<i>Gordon W. Brumbaugh</i>	
Fluid and Electrolyte Therapy: The Role of Sodium Bicarbonate	141
<i>Gary P. Carlson</i>	
Scientific and Regulatory Considerations in the Use of Therapeutic Agents by Equine Practitioners	151
<i>William L. Jenkins</i>	
Equine Drug Reactions	155
<i>Richard A. Mansmann</i>	
Medical Treatment for Corneal Ulcers	161
<i>E. Dan Wolf</i>	

FUROSEMIDE: THERAPEUTIC EFFECTS AND REGULATION IN THE COMPETITION HORSE

Furosemide: Practice and Politics	173
<i>Rick M. Arthur</i>	
Pulmonary Effects of Furosemide	189
<i>R. V. Broadstone, F. J. Derksen, and N. E. Robinson</i>	
Extrarenal Effects of Furosemide	193
<i>Kenneth W. Hinchcliff, Kenneth H. McKeever, and William W. Muir III</i>	
Effects of Furosemide on Performance and on Exercise-Induced Pulmonary Hemorrhage: A Review	199
<i>Corinne R. Sweeney</i>	
The Effects of Furosemide on Drug Detection in Horse Urine	203
<i>M. P. Weber</i>	

COMPUTERIZATION AND EQUINE PRACTICE

Rights of the Computer User	207
<i>Karl J. Dakin</i>	
Integrated Software: The Whole is Greater than the Sum of Its Parts	215
<i>Ronald D. Smith</i>	
The Status and Practical Application of Computerized Medical Records for Equine Practices	225
<i>Alvin F. Snyder</i>	
Computerization in Equine Practice	229
<i>Richard B. Talbot</i>	

EMERGENCY CARE/ANESTHESIA

The Use of Nonsteroidal Anti-inflammatory Drugs and Steroids in the Equine Emergency Patient	239
<i>Joseph J. Bertone</i>	
Antimicrobial Therapy for the Emergency Equine Patient	247
<i>Gordon W. Brumbaugh</i>	

EMERGENCY CARE/ANESTHESIA (continued)

Monitoring the Equine Emergency Patient 255
John A. E. Hubbell

Common Complications Associated With Equine Chemical
Restraint and Anesthesia 259
William Muir

New Approaches to Fluid Therapy and Management in the
Equine Emergency Patient 267
L. Michael Schmall

LAMENESS

Observations on the Evaluation and Selection of Foal Limb
Deformities for Surgical Treatment 273
L. R. Bramlage and Rolf M. Embertson

The Treatment of Distal Interphalangeal Joint Synovitis in
Sport Horses 281
Sarah L. Cochran

Evaluation and Treatment of Neurologic Lameness 289
*Jonathan H. Foreman, Thomas E. Goetz, Michael J. Boero,
David A. Wilson, Scott M. Austin, and R. Scott Pleasant*

An Improved Technique for Arthrocentesis of the Fetlock Joint 297
Martha M. Misheff and Susan M. Stover

Specific Parameters Used to Evaluate Hoof Balance and Support 299
Van E. Snow and Don P. Birdsall

Juvenile Spavin as a Manifestation of Osteochondrosis 313
Barbara J. Watrous, Bruce D. Hultgren, and Pamela C. Wagner

INFECTIOUS DISEASES

An Outbreak of Rotavirus-Associated Disease in Foals
on a Large Horse Breeding Farm 325
Jay L. Baldwin, Wendell L. Cooper, and William P. Higgins

Leptospirosis on a Central Kentucky Horse Farm—
Preventive Measures Following a Case of Abortion 335
*William V. Bernard, Carol Bolin, Thomas Riddle, Mary Durando,
Barbara J. Smith, and Robert R. Tramontin*

INFECTIOUS DISEASES (continued)

A Study of the Etiology and Control of Infectious Diarrhea Among Foals in Central Kentucky	337
<i>Roberta M. Dwyer, David G. Powell, Wayne Roberts, Michael Donahue, Eugene T. Lyons, Meta Osborne, and Gerald Woode</i>	
Equine Rabies: Clinical Signs, Diagnosis, and Comments on Vaccination	357
<i>Sherril L. Green, Susan M. Beacock, and Bill Vernau</i>	
African Horse Sickness: A Perspective for Equine Practitioners	363
<i>James A. House, Carol House, and Corrie C. Brown</i>	
Equine Neonatal Salmonellosis: Clinical Observations and Control Measures (A Case Report)	371
<i>John E. Madigan, Richard L. Walker, David W. Hird, James T. Case, David S. Bogenrief, and Bradford P. Smith</i>	
The Diagnosis and Control of Equine Influenza	377
<i>J. A. Mumford</i>	
Equine Herpesvirus 1: A Review	387
<i>Eileen N. Ostlund, David Powell, and John T. Bryans</i>	
Leptospiral Abortion in Horses in Central Kentucky	397
<i>K. B. Poonacha, B. J. Smith, J. M. Donahue, R. R. Tramontin, P. A. Tuttle, C. B. Hong, M. B. Petrites-Murphy, T. W. Swerczek, and R. C. Giles</i>	
Equine Viral Arteritis: Current Clinical and Economic Significance	403
<i>P. J. Timoney and W. H. McCollum</i>	
Streptococcus equi: Current Thinking on Protective Immunity	411
<i>John F. Timoney</i>	

RESPIRATORY/ENDOSCOPY

Diagnosis, Treatment, and Prognosis of Arytenoid Chondropathy	415
<i>Paul W. Dean</i>	
Evaluation of the Pharynx and Larynx of the Yearling Thoroughbred: Results of a Survey	423
<i>Rolf M. Embertson, James P. Chase, James P. Morehead, and Larry R. Bramlage</i>	

RESPIRATORY/ENDOSCOPY (continued)

Is the Width of the Intermandibular Space in Thoroughbreds Related to Equine Recurrent Laryngeal Neuropathy? 429
William A. Lindsay, Gloria Harrison, and Ian D. Duncan

Upper Airway Videoendoscopy During Exercise in Poorly Performing Horses 431
John A. Stick, Fredrik J. Derksen, Frank A. Nickels, Christopher M. Brown, Warwick A. Arden, Ian C. Fulton, and John G. Peloso

Endoscopic Application of Cutting Current for Upper Respiratory Surgery in the Standing Horse 439
Kenneth E. Sullins

SPORTS MEDICINE

Gait Evaluation: Making the Most of Your Home Video System 447
Hilary M. Clayton

Performance Indices for Evaluation of the Equine Athlete 457
Howard H. Erickson, B. Kipp Erickson, Candace S. Lundin, Jerry R. Gillespie, and James R. Coffman

Comparison of the Exercise Level and Problem Rate of 95 Thoroughbred Horses: A Cohort Study 471
Calvin N. Kobluck, R. Ashley Robinson, Charles J. Clanton, A. Michelle Trent, Trevor R. Ames, and Bradley J. Gordon

Practical Experiences in the Application of Sports Medicine 477
David H. Lambert

Environmental, Hematological and Blood Biochemical Changes in Equine Transit Stress 485
D. P. Leadon, J. Daykin, W. Backhouse, C. Frank, and M. A. Atcock

Exercise and Performance Testing in the Racehorse: Problems, Limitations, and Potential 491
Reuben J. Rose

Thermoregulation and Heat Exhaustion in the Exercising Horse 505
Harold C. Schott II, David R. Hodgson, Jeremy R. J. Naylor, and Warwick M. Bayly

SURGERY

Otitis Media/Interna in the Horse—A Cause of Head Shaking and Skull Fractures	517
<i>Linda L. Blythe, Barbara J. Watrous, Erwin G. Pearson, and Lori L. Walker</i>	
Osteochondritis Dissecans of the Equine Tarsocrural Joint: Results of Treatment with Arthroscopic Surgery	529
<i>D. Michael Davis, C. Wayne McIlwraith, and Joseph J. Foerner</i>	
Effects of Colopexy in the Broodmare	531
<i>Rolf M. Embertson and Stephen R. Hance</i>	
Osteochondritis Dissecans of the Distal Sagittal Ridge of the Metacarpus and Metatarsus	533
<i>Joseph J. Foerner, Thomas N. Phillips, and Margaret A. MacHarg</i>	
Short-term Effects of Superior Check Ligament Desmotomy and Percutaneous Tendon Splitting as a Treatment for Acute Tendinitis	539
<i>Rick Henninger, Lawrence Bramlage, and Robert Schneider</i>	
Augmentation of the Equine Epiglottis with Teflon® Paste	541
<i>Christine Koch</i>	
Management of Osteochondritis Dissecans of the Dorsal Aspect of the Distal Metacarpus and Metatarsus	547
<i>C. Wayne McIlwraith and Marguerite Vorhees</i>	
Recommendations for the Clinical Management of Septic Arthritis in Horses	551
<i>Robert K. Schneider and Lawrence R. Bramlage</i>	

OPHTHALMOLOGY

Diagnostic Ultrasound in Equine Ophthalmology	559
<i>William W. Miller</i>	
Combined Excision and Cryotherapy for the Treatment of Corneal Squamous Cell Carcinoma in Three Horses	567
<i>James V. Schoster</i>	
Revisiting Ocular Lavage Systems for the Horse	575
<i>James V. Schoster</i>	
Conjunctival Pedicle Graft Treatment for Equine Corneal Ulcers ...	585
<i>E. Dan Wolf</i>	

PRACTICE TOPICS

Veterinary Malpractice Law and the Equine Practitioner: A Brief Overview	591
<i>Thomas H. Allison</i>	
Erroneous Weight Estimation of Horses	599
<i>R. L. Asquith, E. L. Johnson, J. Kivipelto, and C. Depew</i>	
Emergency First Aid for Equine Rectal Tears	609
<i>A. N. Baird</i>	
Presuturing as an Aid in the Closure of Skin Defects Created by Surgical Excision	613
<i>Rocky Bigbie, Paul Shealy, David Moll, and Dee Gragg</i>	
A Simple Technique for Conservative Therapy of Acute Traumatic Paraphimosis in the Horse	625
<i>Michael J. Boero</i>	
Detomidine as a Sedative and Premedican in the Horse (1985-1990)	629
<i>K. W. Clarke and E. L. Gerring</i>	
Defective Bone and Cartilage in Foals Fed a Low-Copper Diet	637
<i>Mark B. Hurtig, Sherril L. Green, Howard Dobson, and John Burton</i>	
Equine Peritoneal Fluid Analysis in Special Situations	645
<i>John A. Malark, George A. Bergman, Gary J. Fedore, and Michael F. Lampen</i>	
Polo Pony Injuries	647
<i>Kenneth L. Marcella</i>	
Imprint Training the Newborn Foal	661
<i>R. M. Miller</i>	
Construction of a Practical Large-Animal Facility	667
<i>W. Martin Miller and James Andrew Gardner</i>	
How to Embark on a Practitioner Research Project	673
<i>John R. Pascoe and Reginald R. R. Pascoe</i>	
Dimethyl Sulfoxide Update—New Applications and Dosing Methods	683
<i>Janice E. Sojka, Susan V. Brisson-Kimmick, Gary P. Carlson and Gordon L. Coppel</i>
